NCAP is one of the California Subject Matter Projects located on the CSU Chico Campus.

### Purpose of this Institute:

This TCAP institute reflects and models the content, skills, processes and instructional strategies needed in dance, to design instruction based on the California K-6 Dance Content Standards.

"I never thought I could dance, let alone teach dance. I had such misconceptions about what dance is. The California dance standards makes teaching dance doable and so satisfying. The kids need it and love it!"
