A GREAT day of family fun!

Event Details

Sierra College presents Arts and Innovation Day, on Thursday, September 26th, 2013. This is an all-day event offering fun activities for all ages. Presentations will emphasize the critical link between the arts and science, technology, engineering and math. The organizers believe that the arts and innovation are critical to science and engineering, and that science and engineering are critical to artistic expression. The event will feature a project based creativity fair, where vendors will offer students hands on projects to promote the creativity and innovation. There will also be musical performances, a Ridley Art Gallery exhibit and an Art Installation Tours. Speakers will talk about the role of creativity and innovation in math, science, engineering.

Things to do at the Creativity Fair

- Tinker and invent
- Make math art
- Improvise with musicians and actors
- Experiment with written and spoken poetry
- Access to different kinds of art materials
- Explore Nature Art
- Make a musical instrument
- Talk to Innovative farmers
- Welding Training Center Demo
- Art Installation Tour & Scavenger Hunt

Art in Unexpected Places: Art Installation Tour

Sierra College has unique and beautiful metal art, sculptures and murals all over the campus. Many of these art pieces were commissioned works by the Patrons Club. Others were created by faculty and students. Use our handy brochure to go on a campus-wide Scavenger Hunt. If you find all the hidden art bring your completed brochure back to the information booth and you can enter a raffle for prizes donated by our vendors.
