

Physical Education and the *Common Core State Standards*
Professional Development Program

Health Education and the *Common Core State Standards*
Professional Development Program

Each Two Day Professional Development Program includes:

- Overview of the Common Core State Standards with clear information on which Common Core standards are the responsibility of physical education teachers and health teachers
- Context and rationale for the work of physical education and health education Teachers
- Hands-on professional learning activities for teachers to link their content with CCSS content in the most effective way
- Sample lessons that demonstrate student learning of the content of physical education or health education and the CCSS content
- Specially designed to meet the grade level needs of YOUR teachers

Program for 20 (or fewer) teachers \$ 2,750.00

Program for 25 teachers \$ 2,950.00

Program for 30 teachers \$ 3,000.00

Partner with neighboring districts, your county office of education, or your SELPA to gather physical education teachers or health education teachers for these professional development opportunities. Encourage and expand local collaboration and take advantage of the lower prices when you do !
