DEVELOPING ARTISTIC LITERACY

*Reading, Writing, Listening,
Playing and Creating*

LEVEL 2
Music Program
for
K-8 Educators

**PARTICIPANTS MUST HAVE ATTENDED
LEVEL 1 MUSIC**

Program Description

California's new standards call for students to develop literacy in all content areas. This institute develops teachers' music literacy and skills aligned with the California K-8 Music Content Standards and Common Core Literacy in Technical Subjects. Through engaging directly in the art of music, teachers uncover the content, literacy, artistic processes, and develop skills to teach music. Teachers discover the connections and support music education provides to the English Language Arts Common Core and English Language Development Standards.

Participating teachers create and implement a standards-based music unit for their classroom while *re-igniting the creativity of their students and themselves!*
