## **HEALTHY BODIES INSTITUTE K-12 TEACHERS**

Join Redwood PE-HP professional development program for a week-long institute focusing on how body composition and nutrition influence body image. Learn strategies to align this content to the Common Core State Standards to improve student learning across the curriculum. Additional focus will be placed on strength-based leadership to enhance leadership skills at school and in the community. This interactive opportunity will provide you a chance to collaborate and network while exploring the beautiful redwood coast!
